### PROFILE

Enthusiastic computer engineering graduate with practical experience in developing full stack applications. Skilled in JavaScript frameworks, Laravel, and database management. Fast learner with strong teamwork and communication skills, eager to grow in a professional environment. Despite limited experience, I am highly motivated, detail oriented, and committed to delivering quality work.

### EDUCATION

**Bachelor of Computer Engineering** 2021 - 2025  
University of Tabriz

### WORK EXPERIENCE

- Although I haven't had formal full-time work experience yet, I have completed several practical projects and internships to build my skills:
- Ideh Pardazan Mahan Hovida** 2024  
3 month internship at Ideh Pardazan Mahan Hovida company, gaining hands-on experience in software development.
- Agile & Scrum course** 2024  
Completed the Agile & Scrum course, earning a certificate of completion by Instructor Josef Balahan.
- [course certificate](#)
- SheCodes Bootcamp** 2024-2025  
I participated in several SheCodes workshops, covering a wide range of technologies including HTML, CSS, JavaScript, Python, Responsive Design, and React. Throughout these courses, I earned a lot of experience by building multiple real-world projects, and strengthened my practical skills.
- [workshop diploma](#)
- Reminder Bot** 2025  
Developed a Telegram reminder bot in Python, featuring full functionality for scheduling reminders daily, weekly, monthly, or on custom dates.
